

**UNITED STATES DEPARTMENT OF COMMERCE**  
**Chief Financial Officer**  
**Assistant Secretary for Administration**  
Washington, D.C. 20230

DEC 22 2006

Mr. Stephen L. Johnson  
Administrator  
Environmental Protection Agency  
1200 Pennsylvania Avenue NW  
Mailcode 1101A  
Washington, DC 20460

## 卷之三

### ESTATE OF RELATION

Dear Mr. Johnson:

Enclosed is a copy of the Department of Commerce's Underground Storage Tank Compliance Report submitted in accordance with the Underground Storage Tank Compliance Act of 2005. I am happy to report that all of our underground storage tanks comply with federal or state underground storage tank regulations and the Underground Storage Tank Compliance Act of 2005.

Please contact me at (202) 482-4951 if you have any questions.

Sincefely yours,

## I. Introduction

### A. General Information

In accordance with the Underground Storage Tank (UST) Compliance Act of 2005, the Department of Commerce is submitting this one-time report to Congress and the Environmental Protection Agency (EPA). This report contains the information requested by the UST Compliance Act of 2005, and outlines the compliance status of all regulated USTs owned by the Department. The report was prepared in accordance with the guidance issued by the EPA on February 1, 2006, and contains information current as of March 31, 2006. UST information was collected, consolidated, and managed using the EPA recommended online UST reporting database hosted at the FedCenter website. If additional information is needed regarding this report, please contact the Department Environmental Manager, Peter Wixted, at (202) 482-3444 or email, pwixted@doc.gov.

### B. Report Requirements

By August 8, 2006, each Federal agency that owns or operates underground storage tanks, or manages land on which underground storage tanks are located, shall submit to the Administrator, Environmental Protection Agency, the Committee on Energy and Commerce of the United States House of Representatives, and the Committee on the Environment and Public Works of the United States Senate a UST compliance strategy report containing the following information:

- a list of the owner of each Federal UST;
- a list of the location of each UST owned by the Federal agency;
- a list of all USTs that are not in compliance with Federal and State laws and the Underground Storage Tank Compliance Act of 2005;
- a description of the actions that have been and will be taken to ensure compliance for each UST that is not in compliance;
- the date of the last inspection by a State or Federal inspector of each UST;
- a list of each violation of this subtitle respecting any UST; and
- a description of the operator training that has been provided to the operators and others having primary daily on-site management of USTs.

## II. Overall UST Information

### A. Location of USTs

The Department of Commerce owns and operates a total of 19 USTs, 11 within the National Institute of Standards and Technology (NIST) and eight within the National Oceanic and Atmospheric Administration (NOAA). The Department does not operate any USTs owned by other Federal agencies and does not manage land containing USTs owned or operated by other entities. Table-1, on page 3, lists the location and owner of each UST. Table-2, on page 5, lists the point-of-contact for each UST.

### B. UST Compliance Status

Currently all 19 USTs comply with Federal or State regulations and the Underground Storage Tank Compliance Act of 2005 as determined by a State or Federal Regulator, internal assessment, or the applicable UST operator. Table-3, on page 6, lists the compliance status of each UST.

### C. Corrective Actions

Corrective actions are not necessary at this time because there are no violations.

### D. Date of Last Inspection

For many of our USTs there is no record of the last inspection performed by a Federal or State regulator. In these instances, the date is marked "unknown". The Department will continue to make USTs accessible for inspection by Federal or State regulators. Table-4, on page 7, lists the date of the last regulator inspection for each Department owned and operated UST.

### E. Inspection Violations

The inspections performed by State or Federal regulators did not result in the identification of any violations.

### F. Operator Training

Table-5, on page 8, contains a list of the formal UST operator training conducted at each UST. On-the-job training is used at sites where formal training has not been conducted to ensure proper operations of USTs. Once the EPA establishes requirements for UST operator training, the Department will revise its UST policy and direct all Department UST operators to complete EPA required training.

Table 1 - UST Location Information

**Table-5 UST Operator Training Information**

| UST ID #          | Agency | City         | State | UST Operator Training Provided? | Type of Training                    |
|-------------------|--------|--------------|-------|---------------------------------|-------------------------------------|
| 1 5941-2          | NIST   | Boulder      | CO    | No                              | N/A                                 |
| 2 5941-6          | NIST   | Boulder      | CO    | No                              | N/A                                 |
| 3 230-3A/MDE 001  | NIST   | Gaithersburg | MD    | Yes                             | Release Detection                   |
| 4 230-4-A/MDE 002 | NIST   | Gaithersburg | MD    | No                              | N/A                                 |
| 5 230-5A/MDE 003  | NIST   | Gaithersburg | MD    | No                              | N/A                                 |
| 6 235-1A/MDE 005  | NIST   | Gaithersburg | MD    | No                              | N/A                                 |
| 7 236-1A/MDE 006  | NIST   | Gaithersburg | MD    | No                              | N/A                                 |
| 8 236-2A/MDE 007  | NIST   | Gaithersburg | MD    | No                              | N/A                                 |
| 9 303-2A/MDE 020  | NIST   | Gaithersburg | MD    | Yes                             | Release Detection                   |
| 10 303-3A/MDE 021 | NIST   | Gaithersburg | MD    | No                              | N/A                                 |
| 11 303-4/MDE 022  | NIST   | Gaithersburg | MD    | Yes                             | Release Detection                   |
| 12 UST #101       | NOAA   | Carteret     | NC    | Yes                             | Leak Detection and Spill Prevention |
| 13 UST #102       | NOAA   | Carteret     | NC    | Yes                             | Leak Detection and Spill Prevention |
| 14 UST #103       | NOAA   | Carteret     | NC    | Yes                             | Leak Detection and Spill Prevention |
| 15 # 0002956      | NOAA   | Camp Springs | MD    | Yes                             | Leak Detection                      |
| 16 ADEC #20       | NOAA   | Fairbanks    | AK    | Yes                             | State required UST training         |
| 17 ADEC #21       | NOAA   | Fairbanks    | AK    | Yes                             | State required UST training         |
| 18 UL# 726240     | NOAA   | Wallops      | VA    | Yes                             | State and NASA required training    |
| 19 UL# 726242     | NOAA   | Wallops      | VA    | Yes                             | State and NASA required training    |
