

DEPARTMENT OF HEALTH & HUMAN SERVICES

Office of the Secretary

AUG - 7 2006

Assistant Secretary for Administration and Management
Washington, D.C. 20201

The Honorable Stephen L. Johnson
Administrator, Environmental Protection Agency
Washington, DC 20460

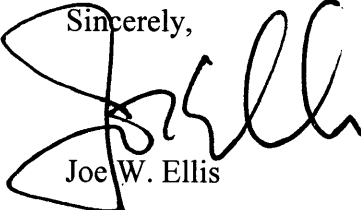

Dear Mr. Johnson,

The enclosed report represents the Department of Health and Human Services (DHHS) Underground Storage Tank (UST) Compliance report submission. This report meets the Federal Facilities reporting requirements of Public Law 109-58, sections 1521-1533, Underground Storage Tank Compliance Act.

Environmental Protection Agency guidance identifies 11 separate tables that constitute the complete report submission. The enclosed report provides each of these tables along with an executive summary.

The point of contact for this report is Mr. Eric Haukdal, DHHS Departmental Environmental Quality & Compliance Program Manager. You may reach Mr. Haukdal at eric.haukdal@hhs.gov or (202) 690-6551.

Sincerely,

Joe W. Ellis

Executive Summary

This report represents the Department of Health and Human Services (DHHS) Underground Storage Tank (UST) Compliance report submission. This report meets the Federal Facilities reporting requirements of Public Law 109-58, sections 1521-1533, Underground Storage Tank Compliance Act.

Environmental Protection Agency guidance identifies 11 separate tables that constitute the complete report submission. The information below provides a brief summary of the information contained in these tables.

Owned / Operated. The DHHS currently owns and/or operates 66 Underground Storage Tanks. Of these, 63 are both owned and operated by the DHHS, 2 are owned by the DHHS but operated by another entity, and 1 is operated by DHHS but owned by another agency. Tables 1, 2, 3, and 4 provide information about Ownership and Operator responsibilities for each tank in the DHHS inventory.

Inspections. Of these 66 tanks, 24 have undergone official inspection by a federal, state, or local regulator and 42 have not. Table #5 provides specific inspection information for each tank.

Compliance Status. Of the 66 DHHS tanks, regulatory inspections have identified issues of non-compliance in 4 cases. Of these 4, two have already been corrected and the remaining two are currently in the corrective action process. Tables 6a & b provide specific data on these non-compliant tanks. Of the remaining tanks, 18 have been inspected by a regulator and determined to be in compliance, 2 have been inspected and are awaiting results from the regulator, and 42 have never undergone a regulatory inspection. Tables 7a, b, & c provide specific information on these tanks.

Training. To date, DHHS has provided operator training for 22 of its 66 tanks. As EPA and the States develop specific training requirements in accordance with the Underground Storage Tank Act of 2005, DHHS will begin to integrate such training into all of its UST programs.

Table 6a: Violation Information on Non-Compliant Tanks

Location State	UST ID#	Agency	Facility	Determination of Non-Compliant UST (Fed State, Local or Other)	UST Violation Information
GA	RO0010-UST009	HHS/CDC	Clifton Road	Federal Regulator	UST System Requirements: Design/Construction/Installation and Notification (Subpart B)
AZ	IHHC 1000 gallon	HHS/IHS/Navajo	Inscription House Health Center	Navajo Nation EPA and USEPA	Release Detection (Subpart D)
AZ	Tuba City 8000 gallon	HHS/IHS/Navajo	Tuba City Regional Health Care Corporation	Navajo Nation EPA and USEPA	Release Detection (Subpart D)
AZ	Tuba City 500 gallon	HHS/IHS/Navajo	Tuba City Regional Health Care Facility	Navajo Nation EPA and USEPA	Release Detection (Subpart D)

Table 6b: Corrective Action Status of Non-Compliant Tanks

Location State	UST ID#	Agency	Facility	Determination of Non-Compliant UST (Fed State, Local or Other)	UST Violation Information	Status of UST Violation	UST Compliance Strategy	Comments
GA	RO0010-UST009	HHS/CDC	Clifton Road	Federal Regulator	UST System Requirements: Design/Construction/Installation and Notification (Subpart B)	Corrective Action Completed	All regulated USTs were registered so similar violations do not occur in future.	
AZ	IHC 1000 gallon	HHS/IHS/Navajo	Inscription House Health Center	Navajo Nation EPA and USEPA	Release Detection (Subpart D)	Corrective Action Completed	Overfill Protection was not installed. Navajo EPA and USEPA cited the facility after this inspection. The violation was corrected. Overfill protection was installed at the UST the week of July 4, 2006 and all documentation forwarded to the Navajo Nation EPA and USEPA.	
AZ	Tuba City 8000 gallon	HHS/IHS/Navajo	Tuba City Regional Health Care Corporation	Navajo Nation EPA and USEPA	Release Detection (Subpart D)	Corrective Action in Progress	Overfill protection not in place. Navajo Area is in the process of developing a scope of work to correct the problem of no overfill protection in the UST. Letter of notification has been given to the USEPA and the Navajo Nation EPA with the corrective action plan.	
AZ	Tuba City 500 gallon	HHS/IHS/Navajo	Tuba City Regional Health Care Facility	Navajo Nation EPA and USEPA	Release Detection (Subpart D)	Corrective Action in Progress	Scope of work being prepared to add overfill protection at the UST. Working with Navajo and US EPA to correct problem.
