

DEPARTMENT OF VETERANS AFFAIRS
ASSISTANT SECRETARY FOR MANAGEMENT
WASHINGTON DC 20420
AUG 8 2006

RECEIVED

AUG 24 2006

OFFICE OF THE
EXECUTIVE SECRETARIAT

The Honorable Stephen Johnson
Administrator
U.S. Environmental Protection Agency (MC0001)
1200 Pennsylvania Avenue, NW
Washington, DC 20460-0001

Dear Mr. Johnson:

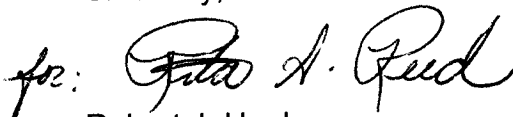

Enclosed is a report on underground storage tanks (USTs) located at Department of Veterans Affairs (VA) facilities, as required by Title XV of the Energy Policy Act of 2005. The enclosed compact disc (CD) contains 11 data tables with pertinent UST information. If printed, it would take over 1,500 pages. Therefore, in accordance with the Paperwork Reduction Act of 1995, VA is submitting the report via CD. The tables are labeled as follows:

- VA Owned and Operated USTs
- VA Owned USTs (Not Operated by VA)
- VA Operated USTs (Not Owned by VA)
- USTs on Federally Managed Lands (Not Owned or Operated by VA)
- VA Owned or Operated UST Inspection Information
- Violation Information on Non-Compliant (VA Owned or Operated USTs)
- Violation Status Information on Non-Compliant VA Owned or Operated USTs
- VA Owned or Operated USTs in Compliance
- VA Owned or Operated USTs Awaiting Compliance Determinations
- VA Owned or Operated USTs not Inspected by a Regulator
- Operator Training Information for VA Owned or Operated USTs

VA's report indicates that there are 782 regulated USTs at 136 Veterans Health Administration (VHA) medical centers and facilities and 5 National Cemetery Administration facilities across 47 states. Veterans Benefits Administration facilities do not own or operate USTs covered under the requirements of Title XV of the Energy Act. VA has worked with due diligence to correct the problems that resulted in 41 violations in 6 states as noted in the report.

Use of the database made available through the EPA FedCenter Web page and managed by the Army Corp of Engineers Construction Engineering Research Laboratory greatly assisted in compiling VA data. Should your staff have any questions, they may contact Mr. John G. (Jack) Staudt, VHA Environmental Engineer, at (202) 273-5863 or at jack.staudt@va.gov.

Sincerely,

for: 

Robert J. Henke
