Subject Re: Greetings!☐

Jack, it is a delight to hear from you. I had a great experience at CDC, but it's also very nice to be back.

I do expect to be in Raleigh from time to time. As it happens, I'm going to be there next week, though that trip is pretty well spoken for because we're going to Eastern NC to visit the PCS phosphate operation which you may have read about in the news. But I hope to be there other times as well, and appreciate the invitation. I was reading a news article somewhere about how facilities in the US with European ownership had embodied a strong environmental ethic, and Novozymes was mentioned as one example.

Hope to see you soon!

Stan

A. Stanley Meiburg

Subject Greetings!

Hi Stan,

Carol Kemker made a great update presentation at CAPCA last week and mentioned that you are currently the Acting Regional Administrator. I hope you enjoyed your time at the CDC.

I am hopeful that Administrator Jackson will appoint you to the Regional Administrator post. In any case, I hope that you will have an interesting and rewarding career ahead of you. Give me a call if you will be visiting family back in this area and we can get together. I am sure that you would enjoy talking with our new site president - he is an interesting and inspiring guy!

Best Regards  
**Jack Blackmer**
