I. JURISDICTION

1. This Administrative Order on Consent (“Consent Order” or “Order”) is issued pursuant to the authority vested in the President of the United States by Section 122(g)(4) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended (“CERCLA”), 42 U.S.C. § 9622(g)(4), to reach settlements in actions under Section 106 or 107 of CERCLA, 42 U.S.C. §§ 9606 or 9607. The authority vested in the President has been

10589244

delegated to the Administrator of the United States Environmental Protection Agency ("EPA") by Executive Order 12580, 52 Fed. Reg. 2923 (Jan. 29, 1987), and further delegated to the Regional Administrators of EPA by EPA Delegation No. 14-14-E, which, in Region 4, further delegates the authority to the Superfund Division Branch Chiefs.

2. This Administrative Order on Consent is issued to the persons, corporations, or other entities identified in *Appendix A* ("Respondents"). Each Respondent agrees to undertake all actions required by this Consent Order. Each Respondent further consents to and will not contest EPA's jurisdiction to issue this Consent Order or to implement or enforce its terms.

3. EPA and Respondents agree that the actions undertaken by Respondents in accordance with this Consent Order do not constitute an admission of any liability by any Respondent. Respondents do not admit, and retain the right to controvert in any subsequent proceedings other than proceedings to implement or enforce this Consent Order, the validity of the Statement of Facts or Determinations contained in Sections IV and V, respectively, of this Consent Order.

II. STATEMENT OF PURPOSE

4. By entering into this Consent Order, the mutual objectives of the Parties are:

a. to reach a final settlement among the Parties with respect to the Removal Action at the Site pursuant to Section 122(g) of CERCLA, 42 U.S.C. § 9622(g), which allows Respondents to make a cash payment, including a premium, to resolve their alleged civil liability under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, for injunctive relief with regard to the Site and for response costs incurred and to be incurred at or in connection with the Removal Action at the Site, thereby reducing litigation relating to the Site;

b. to simplify any remaining administrative and judicial enforcement activities concerning the Site by eliminating a substantial number of potentially responsible parties from further involvement in the Removal Action at the Site; and

c. to obtain settlement with Respondents for their fair share of response costs incurred and to be incurred at or in connection with the Removal Action at the Site by the EPA Hazardous Substance Superfund, and by other persons, and to provide for full and complete contribution protection for Respondents with regard to the Removal Action at the Site pursuant to Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5).

III. DEFINITIONS

5. Unless otherwise expressly provided herein, terms used in this Consent Order that are defined in CERCLA or in regulations promulgated under CERCLA shall have the meaning assigned to them in the statute or regulations. Whenever the terms listed below are used in this Consent Order, the following definitions shall apply:

- a. "CERCLA" shall mean the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. § 9601, *et seq.*
- b. "Consent Order" or "Order" shall mean this Administrative Order on Consent and all appendices attached hereto. In the event of conflict between this Order and any appendix, the Order shall control.
- c. "Day" shall mean a calendar day. In computing any period of time under this Consent Order, where the last day would fall on a Saturday, Sunday, or federal holiday, the period shall run until the close of business of the next working day.
- d. "EPA" shall mean the United States Environmental Protection Agency and any successor departments, agencies or instrumentalities.
- e. "EPA Hazardous Substance Superfund" shall mean the Hazardous Substance Superfund established by the Internal Revenue Code, 26 U.S.C. § 9507.
- f. "Interest" shall mean interest at the rate specified for interest on investments of the EPA Hazardous Substance Superfund established by 26 U.S.C. § 9507, compounded annually on October 1 of each year, in accordance with 42 U.S.C. § 9607(a). The applicable rate of interest shall be the rate in effect at the time the interest accrues. The rate of interest is subject to change on October 1 of each year.
- g. "Paragraph" shall mean a portion of this Consent Order identified by an Arabic numeral.
- h. "Parties" shall mean EPA and the Respondents.
- i. "Removal Action" shall mean: (1) the response action taken by EPA under the authority of the Emergency Action Memorandum relating to the Site signed on June 21, 2004, by the On-Scene Coordinator, together with the Action Memorandum relating to the Site signed on August 16, 2004, by the Acting Director of the Waste Management Division, EPA Region 4, the Regional Administrator's delegate; and (2) the Work being undertaken by a group of potentially responsible parties under the Administrative Settlement Agreement and Order on Consent for Removal Action entered into with EPA on October 10, 2007.

j. "Respondents" shall mean those persons, corporations, or other entities listed in *Appendix A*.

k. "Response costs" shall mean all costs of "response" as that term is defined by Section 101(25) of CERCLA, 42 U.S.C. § 9601(25).

l. "Section" shall mean a portion of this Consent Order identified by a Roman numeral.

m. "Site" shall mean the BCX Tank Superfund Site located at 1903 East Adams Street in Jacksonville, Duval County, Florida, more particularly described as:

Part of the E. Hundal Grant, in Section 45, Township 2 South, Range 27 East, Jacksonville, Duval County, Florida, more particularly described as follows: Commencing at the Southeast corner of Lot 98 of Commodores Point, according to plat recorded in Plat Book 12, Pages 31 and 32, of the current public records of Duval County, Florida; thence South 83 degrees 22 minutes East 50 feet to the intersection of the East line of Bryan Street with the North line of East Adams Street for a place of beginning; thence Northerly along said East Line of Bryan Street 205.4 feet to the Southerly right of way line of a spur track, said right of way line being 10 feet from the center line of an existing spur track; thence Northeasterly along said right of way line along a curve with a radius of 531.67 feet an arc distance of 298.02 feet to the intersection of another right of way line of another spur track, said right of way line being 10 feet from the center line of said other spur track; thence Southerly along said right of way line 300 feet (Deed) (300.34 feet-actual) to a point of curve; thence along said right of way line with a curve to the right with a radius of 809 feet an arc distance of 161.9 feet (Deed) (162.04 feet-actual) to the North line of East Adams Street; thence Westerly along said North line of East Adams Street 139.4 feet (Deed) (129.40 feet-actual) to the place of beginning.

n. "United States" shall mean the United States of America, including its departments, agencies and instrumentalities.

IV. STATEMENT OF FACTS

6. In June of 2004, the State of Florida and the City of Jacksonville sought EPA's assistance to contain the overflow and spillage of industrial wastewater, used oil, and rainwater mixture from approximately 15 large tanks at the Site. These full tanks had been abandoned by the owners and operators of the Site and had deteriorated to the point where they could no longer

hold their contents. The waste was spilling not only from the tanks, but also from the secondary containment area surrounding the tank farm.

7. Hazardous substances have been or are threatened to be released at or from the Site. Sampling and analysis of the waste revealed that it contained benzene, tetrachloroethene, naphthalene, arsenic, lead, anthracene, chromium, acetone, methyl ethyl ketone, methylene chloride, toluene, benzoic acid, petroleum residues, phenols, and xylenes, among other hazardous substances listed in Section 302.4 of Title 40 of the Code of Federal Regulations, as referred to in Section 101(14) of CERCLA.

8. As a result of the release or threatened release of hazardous substances, EPA has undertaken response actions at or in connection with the Site under Section 104 of CERCLA, 42 U.S.C. § 9604, and will either oversee or undertake response actions in the future. EPA began a Removal Action at the Site where it stabilized the tanks and the secondary containment walls and then pumped, treated, and disposed of more than one million gallons of liquid waste and 1,400 tons of waste sludge. The Removal Action will be completed by a group of potentially responsible parties under EPA oversight, according to the terms of a settlement agreement with EPA that took effect October 10, 2007.

9. In performing these response actions, EPA has incurred and will continue to incur response costs at or in connection with the Site. EPA's response costs as of November 7, 2007, are one million, eight hundred ninety-seven thousand, eighty-two dollars (\$1,897,082). EPA estimates that the remaining removal work being undertaken by the private parties will cost nine hundred eighty-two thousand, one hundred twenty-one dollars (\$982,121).

10. Each Respondent listed on *Appendix A* arranged for disposal or treatment, or arranged with a transporter for transport for disposal or treatment, of a hazardous substance owned or possessed by such Respondent, by any other person or entity, at the Site, or accepted a hazardous substance for transport to the Site which was selected by such Respondent.

11. The amount of hazardous substances contributed to the Site by each Respondent does not exceed 50,000 gallons of materials containing hazardous substances, and the hazardous substances contributed by each Respondent to the Site are not significantly more toxic or of significantly greater hazardous effect than other hazardous substances at the Site.

12. EPA estimates that the total response costs incurred and to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund and by other persons is two million, eight hundred seventy-nine thousand, two hundred three dollars (\$2,879,203). The payment required to be made by each Respondent pursuant to this Consent Order is a minor portion of this total amount.

V. DETERMINATIONS

13. Based upon the Statement of Facts set forth above and on the administrative record for this Site, EPA has determined that:

- a. The BCX Tank Superfund Site is a “facility” as that term is defined in Section 101(9) of CERCLA, 42 U.S.C. § 9601(9).
- b. Each Respondent is a “person” as that term is defined in Section 101(21) of CERCLA, 42 U.S.C. § 9601(21).
- c. Each Respondent is a “potentially responsible party” within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).
- d. There has been an actual or threatened “release” of a “hazardous substance” from the Site as those terms are defined in Section 101(22) and (14) of CERCLA, 42 U.S.C. § 9601(22) and (14).
- e. The actual or threatened “release” caused the incurrence of response costs.
- f. Prompt settlement with each Respondent is practicable and in the public interest within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).
- g. As to each Respondent, this Consent Order involves only a minor portion of the response costs at the Site within the meaning of Section 122(g)(1) of CERCLA, 42 U.S.C. § 9622(g)(1).
- h. The amount of hazardous substances contributed to the Site by each Respondent and the toxic or other hazardous effects of the hazardous substances contributed to the Site by each Respondent are minimal in comparison to other hazardous substances at the Site within the meaning of Section 122(g)(1)(A) of CERCLA, 42 U.S.C. § 9622(g)(1)(A).

VI. ORDER

14. Based upon the administrative record for the Site and the Statement of Facts and Determinations set forth above, and in consideration of the promises and covenants set forth herein, the following is hereby AGREED TO AND ORDERED:

VII. PAYMENT

15. Within 30 days after the effective date of this Consent Order, each Respondent shall pay to the EPA Hazardous Substance Superfund the amount set forth in *Appendix A* to this Consent Order.

16. Each Respondent's payment includes an amount for: (a) past response costs incurred at or in connection with the Removal Action at the Site; (b) projected future response costs to be incurred at or in connection with the Removal Action at the Site; and (c) a premium to cover the risks and uncertainties associated with this settlement, including but not limited to, the risk that total response costs incurred or to be incurred at or in connection with the Site by the EPA Hazardous Substance Superfund, or by any other person, will exceed the estimated total response costs upon which Respondents' payments are based.

17. Each payment shall be made by certified or cashier's check made payable to "EPA Hazardous Substance Superfund." Each check, or a letter accompanying each check, shall identify the name and address of the party making payment, the Site name, the EPA Region and Site Spill ID Number A4FE, and the docket number for this action, and shall be sent to:

U.S. Environmental Protection Agency
Region 4 Superfund Payments
Cincinnati Finance Center
Post Office Box 979076
St. Louis, MO 63197-9000

The total amount to be paid by Respondents pursuant to Paragraph 15 shall be deposited by EPA in the EPA Hazardous Substance Superfund.

18. At the time of payment, each Respondent shall send notice to the following that such payment has been made:

EPA Cincinnati Finance Office
26 Martin Luther King Drive
Cincinnati, OH 45268

and

Paula V. Painter
Environmental Protection Specialist
SD-SEIMB, 11th Floor
U.S. EPA Region 4
61 Forsyth Street, S.W.
Atlanta, GA 30303

VIII. FAILURE TO MAKE PAYMENT

19. If any Respondent fails to make full payment within the time required by Paragraph 15, that Respondent shall pay Interest on the unpaid balance. In addition, if any Respondent fails to make full payment as required by Paragraph 15, the United States may, in addition to any other available remedies or sanctions, bring an action against that Respondent seeking injunctive relief to compel payment and/or seeking civil penalties under Section 122(*l*) of CERCLA, 42 U.S.C. § 9622(*l*), for failure to make timely payment.

IX. CERTIFICATION OF RESPONDENT

20. By signing this Consent Order, each Respondent certifies, individually, that, to the best of its knowledge and belief, it:

a. has conducted a thorough, comprehensive, good faith search for documents, and has fully and accurately disclosed to EPA, all information currently in its possession, or in the possession of its officers, directors, employees, contractors or agents, which relates in any way to the ownership, operation, or control of the Site, or to the ownership, possession, generation, treatment, transportation, storage or disposal of a hazardous substance, pollutant, or contaminant at or in connection with the Site;

b. has not altered, mutilated, discarded, destroyed or otherwise disposed of any records, documents, or other information relating to its potential liability regarding the Site after notification of potential liability or the filing of a suit against it regarding the Site; and

c. has and/or will comply fully with any and all EPA requests for information regarding the Site pursuant to Sections 104(e) and 122(e) of CERCLA, 42 U.S.C. §§ 9604(e) and 9622(e).

X. COVENANT NOT TO SUE BY UNITED STATES

21. In consideration of the payments that will be made by Respondents under the terms of this Consent Order, and except as specifically provided in Section XI (Reservations of Rights by United States), the United States covenants not to sue or take administrative action against any of the Respondents pursuant to Sections 106 or 107 of CERCLA, 42 U.S.C. §§ 9606 or 9607, relating to the Removal Action at the Site. With respect to present and future liability, this covenant not to sue shall take effect for each Respondent upon receipt of that Respondent's payment as required by Section VII. With respect to each Respondent, individually, this covenant not to sue is conditioned upon:

- a. the satisfactory performance by Respondent of all obligations under this Consent Order; and
- b. the veracity of the information provided to EPA by Respondent relating to Respondent's involvement with the Site. This covenant not to sue extends only to Respondents and does not extend to any other person.

XI. RESERVATIONS OF RIGHTS BY UNITED STATES

22. The United States reserves, and this Consent Order is without prejudice to, all rights against Respondents with respect to all matters not expressly included within the Covenant Not to Sue by United States in Paragraph 21. Notwithstanding any other provision of this Consent Order, the United States reserves all rights against Respondents with respect to:

- a. liability for failure to meet a requirement of this Consent Order;
- b. criminal liability;
- c. liability for damages for injury to, destruction of, or loss of natural resources, and for the costs of any natural resource damage assessments; or
- d. liability based upon the ownership or operation of the Site, or upon the transportation, treatment, storage, or disposal, or the arrangement for the transportation, treatment, storage, or disposal of a hazardous substance or a solid waste at or in connection with the Site, after signature of this Consent Order by Respondent.

23. Notwithstanding any other provision in this Consent Order, the United States reserves, and this Consent Order is without prejudice to, the right to institute judicial or administrative proceedings against any individual Respondent seeking to compel that Respondent to perform response actions relating to the Site, and/or to reimburse the United States for additional costs of response, if information is discovered which indicates that such Respondent contributed hazardous substances to the Site in such greater amount or of such greater toxic or other hazardous effects that such Respondent no longer qualifies as a *de minimis* party at the Site because such Respondent contributed in excess of 50,000 gallons of materials containing hazardous substances or contributed hazardous substances which are significantly more toxic or are of significantly greater hazardous effect than other hazardous substances at the Site.

XII. COVENANT NOT TO SUE BY RESPONDENTS

24. Respondents covenant not to sue and agree not to assert any claims or causes of action against the United States or its contractors or employees with respect to the Removal Action at the Site or this Consent Order including, but not limited to:

a. any direct or indirect claim for reimbursement from the EPA Hazardous Substance Superfund based on Sections 106(b)(2), 107, 111, 112, or 113 of CERCLA, 42 U.S.C. §§ 9606(b)(2), 9607, 9611, 9612, or 9613, or any other provision of law;

b. any claim arising out of response actions at or in connection with the Site, including any claim under the United States Constitution, the Constitution of the State of Florida, the Tucker Act, 28 U.S.C. § 1491, the Equal Access to Justice Act, 28 U.S.C. § 2412, as amended, or at common law; and

c. any claim against the United States pursuant to Sections 107 and 113 of CERCLA, 42 U.S.C. §§ 9607 and 9613, relating to the Removal Action at the Site.

Except as provided in Paragraph 26 (Waiver of Claims) and Paragraph 28 (Waiver of Claim-Splitting Defenses), these covenants not to sue shall not apply in the event the United States brings a cause of action or issues an order pursuant to the reservations set forth in Paragraph 22 (c) or (d) or Paragraph 23, but only to the extent that Respondents' claims arise from the same response action, response costs, or damages that the United States is seeking pursuant to the applicable reservation.

25. Nothing in this Consent Order shall be deemed to constitute preauthorization or approval of a claim within the meaning of Section 111 of CERCLA, 42 U.S.C. § 9611, or 40 C.F.R. 300.700(d).

26. Respondents agree not to assert any claims or causes of action (including claims for contribution under CERCLA) that they may have for all matters relating to the Removal Action at the Site against each other or any other person who is a potentially responsible party under CERCLA at the Site. This waiver shall not apply with respect to any defense, claim, or cause of action that a Respondent may have against any person if such person asserts or has asserted a claim or cause of action relating to the Removal Action at the Site against such Respondent.

XIII. EFFECT OF SETTLEMENT/CONTRIBUTION PROTECTION

27. Except as provided in Paragraph 26 (Waiver of Claims), nothing in this Consent Order shall be construed to create any rights in, or grant any cause of action to, any person not a Party to this Consent Order. Except as provided in Paragraph 26 (Waiver of Claims), the United States and Respondents each reserve any and all rights (including, but not limited to, any right to contribution), defenses, claims, demands, and causes of action which each Party may have with respect to any matter, transaction, or occurrence relating in any way to the Site against any person not a Party hereto.

28. In any subsequent administrative or judicial proceeding initiated by the United States for injunctive relief, recovery of response costs, or other relief relating to the Site, Respondents shall not assert, and may not maintain, any defense or claim based upon the principles of waiver, *res judicata*, collateral estoppel, issue preclusion, claim-splitting, or other defenses based upon any contention that the claims raised in the subsequent proceeding were or should have been brought in the instant action; provided, however, that nothing in this Paragraph affects the enforceability of the covenant not to sue included in Paragraph 21.

29. The Parties agree that this Consent Order constitutes an administrative settlement for purposes of Section 113(f)(2) of CERCLA, 42 U.S.C. § 9613(f)(2), and that each Respondent is entitled, as of the effective date of this Consent Order, to protection from contribution actions or claims as provided by Sections 113(f)(2) and 122(g)(5) of CERCLA, 42 U.S.C. §§ 9613(f)(2) and 9622(g)(5), for “matters addressed” in this Consent Order. The “matters addressed” in this Consent Order are all response actions taken or to be taken and all response costs incurred or to be incurred, at or in connection with the Removal Action at the Site, by the United States or any other person. The Parties further agree that this Settlement Agreement constitutes an administrative settlement for purposes of Section 113(f)(3)(B) of CERCLA, 42 U.S.C. § 9613(f)(3)(B), pursuant to which each Respondent has, as of the effective date of this Consent Order, resolved its liability to the United States for “matters addressed” in this Consent Order.

XIV. PARTIES BOUND

30. This Consent Order shall apply to and be binding upon EPA and upon Respondents and their heirs, successors, and assigns. Any change in ownership or corporate or other legal status of a Respondent, including but not limited to, any transfer of assets or real or personal property, shall in no way alter such Respondent's responsibilities under this Consent Order. Each signatory to this Consent Order certifies that he or she is authorized to enter into the terms and conditions of this Consent Order and to execute and bind legally the party represented by him or her.

XV. INTEGRATION/APPENDICES

31. This Consent Order and its appendices constitute the final, complete and exclusive agreement and understanding among the Parties with respect to the settlement embodied in this Consent Order. The Parties acknowledge that there are no representations, agreements or understandings relating to the settlement other than those expressly contained in this Consent Order. The following appendices are attached to and incorporated into this Consent Order:

Appendix A is a table listing the Respondents, the number of gallons of waste attributed to each Respondent, and the amount to be paid by each Respondent under the terms of this Consent Order.

XVI. PUBLIC COMMENT

32. This Consent Order shall be subject to a public comment period of not less than 30 days pursuant to Section 122(i) of CERCLA, 42 U.S.C. § 9622(i). In accordance with Section 122(i)(3) of CERCLA, 42 U.S.C. § 9622(i)(3), EPA may withdraw or withhold its consent to this Consent Order if comments received disclose facts or considerations which indicate that this Consent Order is inappropriate, improper, or inadequate.

XVII. ATTORNEY GENERAL APPROVAL

33. The Attorney General or his/her designee has approved the settlement embodied in this Consent Order in accordance with Section 122(g)(4) of CERCLA, 42 U.S.C. § 9622(g)(4).

XVIII. EFFECTIVE DATE

34. The effective date of this Consent Order shall be the date upon which EPA issues written notice to Respondents that the public comment period pursuant to Paragraph 32 has closed and that comments received, if any, do not require modification of or EPA withdrawal from this Consent Order.

FOR EPA:

It is so ORDERED and AGREED this 2nd day of July, 2008.

NOTE: 11/21/07
Talk with Karen Coleman today, inquiring to see
what, if any percentage of our total, may be
deemed recyclable. ALL manifests WERE
marked (For recycle). Ms Coleman said she
would forward any information on on transporter
to help determine a percentage.

Thanks,

Wayne Gardner
