Re: Caustic Brine Offsite Shipments: LCP Chemical National Priorities List Site, Brunswick, Glynn County, GA

Dear Mr. Gupta:

The purpose of this letter is to document our telephone conversation on February 15, 2012, during which I directed Honeywell International, Inc. to suspend all shipments of caustic brine (CB) from the LCP Chemicals National Priorities List, Brunswick, Glynn County, GA to the Water Recovery, Inc. (WRI) facility, located on 1819 Albert Street, Jacksonville, FL, until the JEA Industrial Pretreatment Authority has an opportunity to better understand the disposal of the CB at the WRI facility, in light of WRI's Industrial User Discharge Permit #099.

If you have questions regarding the preceding, please contact me at (404) 562-8937.

Sincerely,

Galo Jackson, P.G.
Remedial Project Manager
