

Manufacturer: M & M Industries Inc.  
Model: Child Mate  
ASTM Type: IO

Description:

This is a two piece plastic/plastic continuously threaded closure (Figure 1).

Figure 1

The package is opened by turning the closure clockwise until it stops, then pressing down on the closure so that a tab extends from the inner closure through a hole in the top of the outer closure (Figure 2 red dot) connecting the two pieces and simultaneously turning the closure counterclockwise until it opens.

Figure 2

The manufacturer's instructions on the closure are (Figure 2):

TURN & HOLD  
THIS WAY (with an arrow pointing clockwise)

THEN  
PRESSING DOWN  
TURN OTHER WAY

CLOSE VERY TIGHT
