 Referred a family by TDEC to this organization.
 Sent questionnaires out - results high from responses. 3 yr period 41800 births w/ rate of 1/1000 - caucasians → expected 1-2 cases → but 18 cases documented by CDC.
 Looked at additional risk factors - contacted EPA Region 4 + another community group.
 Investigated Landfill files at TDEC. TCE in public water supply. Information obtained was taken from the office. Copies of info sent to the lead parent / group & recouped most of information.
 2 issues - (1) TCE in water supply in GW
(2) Toluene - reproductive toxicant
