Funding Opportunities

★ Five Star & Urban Waters Restoration Program 2014

Due: February 5, 2014

The grant program seeks to develop community capacity to sustain local natural resources for future generations. It provides \$5,000-\$20,000 to diverse local partnerships for wetland, forest, riparian and coastal habitat restoration, stormwater management, outreach and stewardship with a particular focus on water quality, watersheds and the habitats they support. Also in this RFP, the U.S. EPA makes funding available through its Five Star Program for on-the-ground restoration projects including wetland, riparian, in stream and/or coastal habitat restoration.
