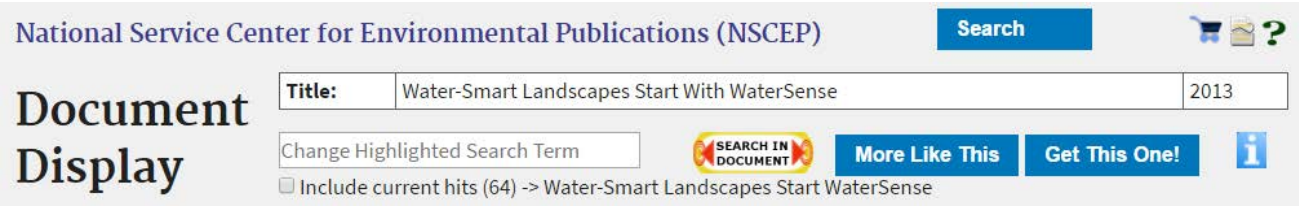
Linking to NSCEP's Online Publications

Each online document has a permanent URL that can be linked to for future reference. To find the short URL for a document you need to be in the document and able to view the icon bar above the document. (see sample icon bar below)



Click on the information icon on the far right hand of the icon bar, you will see something similar to the example below.

Document key fields	
pubnumber	832K122002
title	Water-Smart Landscapes Start With WaterSense
pages	14
