Thanks for the quick response Karla. I think posting later this week should be fine. I can confirm with our folks on our call at noon today.

One question – In addition to the comments from the three federal lead agencies (Reclamation, FWS, NMFS), do you intend to post the comments from EPA and USACE as well? I believe that EPA has already received a request for their comments.

Hi David –

Unless you all have an objection, we would be in a position to post these docs to the BDCP website late Thursday afternoon or Friday morning. While we won't do any kind of formal response, folks here are reading them so that we're prepared for any media inquiries.

Karla

See request below – not unexpected. Federal agencies will discuss, and we will coordinate with you

Hi David,

I'm writing to ask for copies of the recent federal comments (FWS, NMFS, USBR, EPA) to the State regarding the BDCP DEIS/DEIR. Could you please provide me a copy of these recent federal comments? I would be happy to share them with other NGOs working on BDCP. In addition, do you know if those comments are going to be posted on the BDCP webpage?

Thanks,
Doug
