FY2013 Supplemental Funding for Brownfields Revolving Loan Fund (RLF) Grantees

AGENCY: Environmental Protection
Agency (EPA).

ACTION: Notice of the Availability of
Funds.

SUMMARY: EPA's Office of Brownfields
and Land Revitalization (OBLR) plans to
make available approximately \$6
million to provide supplemental funds
to Revolving Loan Fund capitalization
grants previously awarded
competitively under section 104(k)(3)
of the Comprehensive Environmental
Response, Compensation and Liability
Act (CERCLA), 42 U.S.C. 9604(k)(3).
Brownfields Cleanup Revolving Loan
Fund (BCRLF) pilots awarded under
section 104(d)(1) of CERCLA that have
not transitioned to section 104(k)(3)
grants are not eligible to apply for these
funds. EPA will consider awarding
supplemental funding only to RLF
grantees who have demonstrated an
ability to deliver programmatic results
by making at least one loan or subgrant.
The award of these funds is based on
the criteria described at CERCLA
104(k)(4)(A)(ii).

The Agency is now accepting requests
for supplemental funding from RLF
grantees. Requests for funding must be
submitted to the appropriate EPA
Regional Brownfields Coordinator
(listed below) by May 20, 2013. Funding
requests for hazardous substances and/
or petroleum funding will be accepted.
Specific information on submitting a
request for RLF supplemental funding is
described below and additional
information may be obtained by
contacting the EPA Regional
Brownfields Coordinator.

DATES: This action is effective April 18,
2013.

ADDRESSES: A request for supplemental
funding must be in the form of a letter
addressed to the appropriate Regional
Brownfields Coordinator (see listing
below) with a copy to Ted Lanzano,
lanzano.ted@epa.gov or U.S. EPA
Region 8 (EPR–AR), 1595 Wynkoop
Street, Denver, CO 80202.

FOR FURTHER INFORMATION CONTACT: Ted
Lanzano, U.S. EPA, (303) 312–6596 or
the appropriate Brownfields Regional
Coordinator.

SUPPLEMENTARY INFORMATION:

Background

The Small Business Liability Relief
and Brownfields Revitalization Act
added section 104(k) to CERCLA to
authorize federal financial assistance for
brownfields revitalization, including
grants for assessment, cleanup and job
training. Section 104(k) includes a
provision for the EPA to, among other
things, award grants to eligible entities
to capitalize Revolving Loan Funds and
to provide loans and subgrants for
brownfields cleanup. Section
104(k)(4)(A)(ii) authorizes EPA to make
additional grant funds available to RLF
grantees for any year after the year for
which the initial grant is made
(noncompetitive RLF supplemental
funding) taking into consideration:

(I) The number of sites and number of
communities that are addressed by the
revolving loan fund;

(II) The demand for funding by
eligible entities that have not previously
received a grant under this subsection;

(III) The demonstrated ability of the
eligible entity to use the revolving loan
fund to enhance remediation and
provide funds on a continuing basis;
and

(IV) Such other similar factors as the
[Agency] considers appropriate to carry
out this subsection.

Eligibility

In order to be considered for
supplemental funding, grantees must
demonstrate that they have expended
existing funds and that they have a clear
plan for quickly expending requested
additional funds. Grantees must
demonstrate that they have made at
least one loan or subgrant prior to
applying for this supplemental funding
and have significantly depleted existing
available funds. For FY2013, EPA
defines "significantly depleted funds"
as any grant where \$250,000–\$300,000
or less remains uncommitted for single
entities and \$300,000–\$400,000 or less
remains uncommitted for states/large
coalitions. Additionally, the RLF
recipient must have demonstrated a
need for supplemental funding based
on, among other factors, the number of
sites that will be addressed;
demonstrated the ability to make loans
and subgrants for cleanups that can be
started and completed expeditiously
(i.e., "shovel-ready" projects) and will
lead to redevelopment; demonstrated
the existence of additional leveraged
funds to complete the project in a timely
manner and move quickly from cleanup
to redevelopment, including the use of
tax incentives such as new market tax
credits, direct funding or other
resources to advance the project to

completion; demonstrated the ability to administer and revolve the capitalization funding in the RLF grant; demonstrated an ability to use the RLF grant to address funding gaps for cleanup; and demonstrated that they have provided a community benefit from past and potential loan(s) and/or subgrant(s). Special consideration may be given to those communities affected

by plant closures or other economic disruptions. Special consideration may also be given to those grantees that can demonstrate projects that have a clear prospect of aiding the in-sourcing of manufacturing capacity and keeping and/or adding jobs, or otherwise creating jobs, in the affected area. Applicants for supplemental funding must contact the appropriate Regional

Brownfields Coordinator below to obtain information on the format for supplemental funding applications for their region. When requesting supplemental funding, applicants must specify whether they are seeking funding for sites contaminated by hazardous substances or petroleum. Applicants may request both types of funding.
