

U.S. ENVIRONMENTAL PROTECTION AGENCY ANNOUNCEMENT OF PUBLIC NOTICE OF GROUND WATER PERMIT ACTION

Under the authority of the Safe Drinking Water Act and Underground Injection Control (UIC) program regulations, the U.S. Environmental Protection Agency (EPA) Region 8 intends to issue Petro Waste Solutions, LLC, a Permit of Authorization, EPA# CO52329-10798, to inject in Class V Wells at 4995 York Street in the City and County of Denver, Colorado. This permit action would authorize the injection of treated hydrocarbon-contaminated water into the subsurface for the purpose of industrial wastewater disposal.

The public notice, which requests comments on this action within 30 days, can be found at the EPA Region 8 UIC program's website: <http://www2.epa.gov/region8/underground-injection-control>. Alternatively, the public may contact or call Craig Boomgaard at boomgaard.craig@epa.gov, 800-227-8917 extension 312-6794 or 303-312-6794 to get a copy of the public notices and/or documentation associated with this action.

Notification and details of any public comment period extension will be posted at the public comment web page address (listed above) only and will not be published in this newspaper. Interested parties on our email list will also be notified by email. If you wish to be added to our email list, please notify the permitting contact listed in this Notice.
