[WH-FRL-1849-8]

Canned and Preserved Seafood Processing Point Source Category

- AGENCY: Environmental Protection Agency (EPA). ACTION: Extension of comment period

and notice of availability of additional supporting information.

SUMMARY: On January 9, 1981, EPA published in the Federal Register a proposed response to a petition for modification and amendment of regulations governing wastewater discharges from certain seafood processors located in Alaska (46 FR 2544). The comment period was initially scheduled to expire March 10, 1981. On March 23, 1981, EPA published in the Federal Register a notice which extended the comment period until May 11, 1981 and made available additional supporting information (46 FR 18055). The purpose of this notice is to extend the period for comment on all aspects of the proposed response to the petition for modification and the amendment of regulations until July 10, 1981. DATE: Comments on the proposed response to the petition and the amendments to BPT regulations for the "non-remote" Alaskan subcategories of the seafood processing industry must be submitted to EPA by July 10, 1981. ADDRESS: Send comments in triplicate to: Mr. Daniel S. Lent, Effluent Guidelines Division (WH-552), Environmental Protection Agency, 401 M Street, S.W., Washington, D.C. 20460, Attention: EGD Docket Clerk-Seafood Processing Industry.

The supporting information and all public comments submitted in response to this proposal will be available for inspection and copying at the EPA Public Information Reference Unit, Room 2404 (rear) PM-213 (EPA Library), 401 M Street, S.W., Washington, D.C. 20460; EPA Region X, 1200 6th Avenue, Seattle, Washington 98101; and the EPA Alaska Operations Office, 701 "E" Street, Anchorage, Alaska. The EPA information regulation (40 CFR Part 2) provides that a reasonable fee may be charged for copying.

FOR FURTHER INFORMATION CONTACT: Mr. Daniel S. Lent at (202) 426–2707 SUPPLEMENTARY INFORMATION: On January 9, 1981, EPA proposed a response to a petition for modification and an amendment of regulations for portions of the Canned and Preserved Seafood Processing Industry (46 FR 2544). More specifically, the proposed

regulation amended effluent limitations based on the best practicable control technology currently available (BPT) for the "non-remote" Alaskan subcategories of the seafood processing industry. Comments on the proposal were to be submitted on or before March 10, 1981. Counsel for the petitioners initially requested a 60 day extension of the comment period, until May 11, 1981. EPA agreed to this request and extended the comment period until May 11, 1981, and also made available additional information for public review and comment. See the Federal Register for March 23, 1981 (46 FR 18055). Subsequently, counsel for the industry requested a six month extension of the comment period. EPA has decided to extend the comment period until July 10, 1981. Interested persons should be aware that subsequent to May 11, 1981. the Agency placed additional supporting information in the EPA Public Information Reference Unit, Washington, D.C., EPA Region X, and the EPA Alaska Operations Office. This information and the date made available is listed below:

1. Letter from the Agency to counsel for the petitioners dated May 28, 1981, listing the names of seafood processors sending waste solids from Anchorage to the Seward reduction facility. Available June 5, 1981.

2. Telephone memorandum on waste trucking from Anchorage to Seward, dated May 6, 1981. Available May 29, 1981.

In view of industry's familiarity with the pertinent issues from prior contacts with EPA, we believe that these actions will provide the petitioning seafood processors and other interested parties with sufficient opportunity to comment on the proposed response to petition and amendment of regulations.

Dated: June 4, 1981. James N. Smith,

Acting Assistant Administrator for Water and Waste Management.

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

[Docket No. FEMA-6053]

National Flood Insurance Program; Proposed Flood Elevation Determinations

AGENCY: Federal Insurance Administration, FEMA.

ACTION: Proposed rule; revision.

SUMMARY: Technical information or comments are solicited on the proposed base (100-year) flood elevations listed below for selected locations in the Unincorporated Areas of Kenosha County, Wisconsin.

Due to recent engineering analysis, this proposed rule revises the proposed determinations of base (100-year) flood elevations published in the *Kenosha News* on May 4, 1981, and at 46 FR 27137 on May 18, 1981, and hence supersedes those previously published rules.

DATES: The period for comment will be ninety (90) days following the second publication of this notice in a newspaper of local circulation in the above named community.

ADDRESS: See table below.

FOR FURTHER INFORMATION CONTACT: Mr. Robert G. Chappell, National Flood Insurance Program, (202) 755–5585, Federal Emergency Management Agency, Washington, D.C. 20472.

SUPPLEMENTARY INFORMATION: Proposed base (100-year) flood elevations are listed below for selected locations in the Unincorporated Areas of Kenosha County, Wisconsin, in accordance with section 110 of the Flood Disaster Protection Act of 1973 (Pub. L. 93–234), 87 Stat. 980, which added section 1363 to the National Flood Insurance Act of 1968 (Title XIII of the Housing and Urban Development Act of 1968 (Pub. L. 90–448), 42 U.S.C. 4001–4128, and 44 CFR 67.4(a)).

These base (100-year) flood elevations are the basis for the flood plain management measures that the community is required to either adopt or show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

These modified elevations will also be used to calculate the appropriate flood insurance premium rates for new buildings and their contents and for the second layer of insurance on existing buildings and their contents.

The proposed base (100-year) flood elevations for selected locations are:
