Subject CRA Submission of HPV Challenge program documents

Dear Administrator Johnson et al.

<<Corn Steep Liquor.pdf>> <<Final CSL Assessment Plan 11-28-06.pdf>> <<Final CSL Robust
Summaries 11-28-06.pdf>>

Attached are three documents to support the Corn Refiners Association (CRA) voluntary commitment to provide the available health and safety data for corn steep liquor (CAS #66071-94-1). The three documents, all in PDF format, are:

1. A cover letter
- 2) An assessment plan document for CAS #66071-94-1
- 3) A robust summary document for CAS #66071-94-1

These documents summarize the available data and demonstrate the low hazard potential for corn steep liquor.

Please contact me should you have any questions or comments on the attached documents. Also, please confirm receipt and provide an estimated time frame that you expect the documents to be posted on EPA's HPV Challenge web site.

Thank you for the opportunity to provide this information.

Regards,

David J. Kent

ATTN: Chemical Right-to-Know Program (AR-201)

Re: HPV Chemical Challenge Program for Corn Steep Liquor (CAS #66071-94-1)

The Corn Refiners Association (CRA), on behalf of its members, is pleased to submit the accompanying assessment plan and robust summary document for CAS# 66071-94-1, known as "corn, steep liquor." CRA has sponsored corn steep liquor under the voluntary HPV program in accordance with EPA's Policy Regarding Acceptance of New Commitments to the High Production Volume (HPV) Challenge Program, as Amended August 2006.

These documents (in PDF format) have been sent electronically to the following email addresses:

Optt.ncic@epa.gov
Chem.rtk@epa.gov
Sheridan.Diane@epa.gov
Townsend.Mark@epa.gov

All comments and questions should be sent to me as the technical contact for the Corn Refiners Association. I can be reached at (202) 331-1634 or jsnyder@corn.org.
