CERCLIS Action Type: Removal

Dear Ms. Kerwin,

Enclosed please find the Administrative Record (AR) file for Red & Bonita Mine. The AR contains copies of the documents that support the EPA's decision on the selected remedy for cleanup. This is the first shipment of Administrative Record files being sent from the Region 8 Records Center for the Red & Bonita Mine.

The Superfund Amendments and Reauthorization Act of 1986 (SARA) requires that a copy of the AR be made available for public review at or near the site of the actual remedial action. As an information repository, it is important that a member of your organization contact Region 8 before disposing of any records from this AR.

Your willingness to provide a location for these documents so that local residents will have access to them is greatly appreciated. If you or any member of the public should have any questions about the files, please do not hesitate to call me at (303) 312-6645.

Sincerely,

A handwritten signature in black ink, appearing to read "Dave Christenson".
