Dear Mr. Risotto:

I would like to provide an update on the status of your Information Quality Guidelines Request for Correction (#15003) regarding the Toxic Substances Control Act (TSCA) Work Plan for Chemical Assessments. The Environmental Protection Agency (EPA) organization that disseminated the challenged information (Information Owners) completed a thorough review of your information quality concerns. A draft response was developed. We are now conducting an internal review of this draft response.

We anticipate that a final response will be sent to you within 90 business days (February 19, 2016), if not sooner.

Sincerely,

A handwritten signature in blue ink that reads "Monica D. Jones".
