

**Worksheet 29b.** Stability ratings for corresponding successional stage shifts of stream types.  
Circle the appropriate stability rating.

Stream type changes due to successional stage shifts (reference Figure II-38)	Stability Rating
(C → E), (F <sub>b</sub> → B), (G → B), (F → B <sub>c</sub> ), (F → C), (D → C)	Stable
(E → C)	Moderately Unstable
(G → F), (F → D)	Unstable
(C → D), (B → G), (D → G), (C → G), (E → G)	Highly Unstable
