Subject: CA DWSRF Continuance of AIS Drought Project Waiver

To Whom it may concern,

The California Drinking Water State Revolving Fund Program is requesting the AIS waiver, for drought emergency projects, approved by USEPA on August 18, 2014 be granted an extension due to the fact that the State continues to be in a state of emergency with regard to extreme drought conditions. The initial AIS waiver expired on September 30, 2014, the Program submitted and was granted an extension which is due to expire on September 30, 2015.

Please let [me](#) know if you have any questions or require further information to support this request.

Sincerely,

Martin Taylor
