WHEN: Tonight, Tuesday, May 5, 2015 7:00 - 11:00PM

**WHERE: [Johnny's Bistro](#)
904 Martin Luther King Jr. Drive 30314**

WHY: "Jazz on Proctor Creek" -- as culturally-based community engagement -- is being developed to provide a major point of impact for the environmental movement of the Southeast region of the nation.

The intention is to make available an inclusive, cultural pathway for Atlanta's communities to be powerfully in action, addressing their water resources from an inspiring context of effective ownership and inclusive decision-making.

"Jazz on Proctor Creek" is a series of discussion events that will take place throughout the summer, leading to a Proctor Creek Urban Waters Festival in September. Several events are planned for the Festival throughout the Proctor Creek watershed basin.

Proctor Creek is one of nineteen U.S. urban waterways in the [Urban Waters Partnership](#).
