Describe the type of support requested *(attach additional information as needed):*

R4 requests 15,000 total funding for contractor support in hosting and facilitating 20 neighborhood round table workshops to engage the larger community/watershed in public policy, capacity building and sustainability discussions. This is the 1st step of the R4 EPA 3-step plan to engage the community that will ultimately lead to full collaboration and engagement with the federal partners, non-profits, philanthropic, civic leaders, and academia on community priority efforts.

When would you use this support? *(5/1/15-12/31/15)*
