

# US EPA Pretreatment Webcast Series

## The Pretreatment 101 Series: Overview of Pretreatment Standards

## Webcast: Tuesday, September 27, 2011

Two-hour audio Web broadcast

Eastern: 1:00 pm – 3:00 pm

Mountain: 11:00 am – 1:00 pm

Central: 12:00 pm – 2:00 pm

Pacific: 10:00 am – 12:00 pm

### Session Description

This webcast is intended to inform interested parties who might otherwise be unfamiliar with the requirements of the National Pretreatment Program.

The National Pretreatment Program regulations identify specific requirements that apply to all industrial users, additional requirements that apply to all significant industrial users (SIUs), and certain requirements that apply to only categorical industrial users (CIUs). This webcast will define the 3 types of Pretreatment Standards (general and specific prohibitions, categorical pretreatment standards, and local limits), the users associated with them, and describe how these standards are applied. This is the first part of two webcasts discussing Pretreatment Standards. The second webcast will discuss local limits in more depth.

**Speakers** To be determined

### Registration

You must register in advance to attend this free webcast.  
Visit the NPDES Web site at [www.epa.gov/npdes/training](http://www.epa.gov/npdes/training) to register.

**Note:** Your computer must have the capability of playing sound in order to attend this webcast.
