

EPA Reviews Cleanup A.I.W. Frank Superfund Site

The U.S. Environmental Protection Agency (EPA) is conducting a third Five-Year Review of the A.I.W. Frank/Mid-County Mustang Superfund site in Exton. EPA inspects sites regularly to ensure that cleanups conducted remain fully protective of public health and the environment. Prior reviews have determined the cleanup remedy is protective. The results of this review will be available by December 2015.
