Table of Contents: Part A 3
A. The Requirements of the RTCR, an Overview 5
A.1. Is this guide for me? 5
A.2. What is the RTCR? 6
A.3. What does the RTCR require of water systems? 7
A.3.1. Monitoring 8
A.3.2. Contaminant Levels (MCLG and MCL) 15
A.3.3. Assessment and Corrective Action 16
A.3.4. Reporting and Recordkeeping 20
A.3.5. Violations and Public Notification 22
Part B 23
Table of Contents: Part B 25
Glossary of Terms 27
List of Acronyms 28
B. The Requirements of the RTCR in Detail 29
B.1. Introduction 29
B.1.1. Is this guide for me? 29
B.1.2. What will water systems learn from this guide? 30
B.1.3. What is the RTCR? 30
B.1.4. Why is ensuring safe drinking water important? 32
B.2. Contaminant Level Requirements (MCLG and MCL) 33
B.2.1. What are the contaminants addressed by the RTCR? 33
B.2.2. How does the RTCR address these contaminants of concern? 34

B.3. Monitoring Requirements 36
B.3.1. What does the RTCR require? 36
B.3.2. What types of samples must water systems take? 37
B.3.2.1. Routine samples 40
B.3.2.2. Additional routine samples 41
B.3.2.3. Repeat samples 42
B.3.2.4. Testing for E. coli 45
B.3.3. What is a sample siting plan? 45
B.3.4. Where can water systems take their samples? 47
B.3.5. What do the water system's sampling results mean? 48
B.3.6. Are there requirements specific to seasonal systems? 48
B.4. Assessment and Corrective Action Requirements 50
B.4.1. What does the RTCR require? 50
B.4.2. Why does the RTCR require assessment and corrective action? 50
B.4.3. What are examples of sanitary defects? 51
B.4.4. What types of assessments are required under the RTCR? 53
B.4.4.1. What is a Level 1 assessment? 54
B.4.4.1.1. Why is it important to conduct a Level 1 assessment? 55
B.4.4.1.2. Who conducts a Level 1 assessment? 55
B.4.4.1.3. How is a Level 1 assessment documented? 56
B.4.4.1.4. How is a Level 1 assessment conducted? 56
B.4.4.2. What is a Level 2 assessment? 59
B.4.4.2.1. Why is it important to conduct a Level 2 assessment? 60
B.4.4.2.2. Who is responsible for conducting a Level 2 assessment? 60
B.4.4.2.3. How is a Level 2 assessment documented? 61
B.4.4.2.4. How is a Level 2 assessment conducted? 61
B.4.5. What happens if the assessor identifies a sanitary defect during an assessment? 62
B.4.6. What if the assessor did not identify a sanitary defect? 62
B.4.7. What is the timeline for completing the assessments and the corrective actions? 63

B.4.8. What happens if all corrective actions have not been completed by the time the assessment form is due to the drinking water primacy agency? 63
B.4.9. What happens if the water system did not do an assessment or did not complete the corrections? 64
B.5. Reporting and Recordkeeping 65
B.5.1. What do water systems need to report to their primacy agencies? 65
B.5.2. What records do water systems need to keep? 67
B.6. Violations and Public Notification Requirements 68
B.6.1. What types of violations can a water system incur under the RTCR? 68
B.6.2. What are the different tiers of public notification? 70
B.6.3. Which water systems are required to issue a Consumer Confidence Report (CCR)? 71
Part C 73
C. RTCR Compliance Checklist 75
Part D 79
