

# **EPA Reviews Cleanup Walsh Road Landfill Site**

The U.S. Environmental Protection Agency (EPA) is conducting a fourth Five-Year Review of the Walsh Road Landfill, also known as the Welsh Road Landfill Superfund Site located in Honey Brook Township. EPA inspects sites regularly to ensure that cleanups conducted remain fully protective of public health and the environment. Prior reviews have determined the cleanup remedy to be protective in the short-term. The results of this review will be available by May 2016.
