Posting of Final Decisions

Final decisions of the Administrator under 40 CFR Part 98, Subpart RR are posted on the Subpart RR page (<http://www.epa.gov/ghgreporting/subpart-rr-geologic-sequestration-carbon-dioxide>) of the Greenhouse Gas Reporting Program website. Note that the actual, signed and dated final decision sent to the facility's designated representative constitutes EPA's official response and governs. When a final decision is posted, EPA is not aware of any differences between the posted final decision and the actual, signed and dated final decision. EPA intends, and believes, that such differences – if any – will be minor and nonsubstantive. If you have

questions or would like a copy of any available actual, signed and dated final decision, contact us at ghgreporting@epa.gov.
