

100% Green Power Users (as of January 25, 2016)

The 100% Green Power Users list represents the Partners that are using green power to meet 100 percent of their U.S. organization-wide electricity use. The combined green power use of these 763 organizations amounts to more than 15.9 billion kilowatt-hours of green power annually, which is equivalent to the electricity use of nearly 1.5 million average American households each year.
