

Top 30 College & University (as of January 25, 2016)

The Top 30 College & University list represents the largest green power users among higher education institutions within the Green Power Partnership. The combined green power use of these organizations amounts to nearly 2 billion kilowatt-hours of green power annually, which is equivalent to the electricity use of more than 181,000 average American homes annually.

Annual Green Power Usage (kWh)	GP % of Total Electricity Use*	Green Power Resources	Providers (listed in descending order by kWh supplied to Partner)	Athletic Conference
1. University of Pennsylvania
