

## Top 30 Local Government Partner List (as of April 6, 2015)

The Top 30 Local Government list represents the largest green power users among local government partners within the Green Power Partnership. The combined green power use of these organizations amounts to nearly 3 billion kilowatt-hours annually, which is equivalent to the electricity use of more than 280,000 average American homes annually.

| Annual Green Power Usage (kWh)                        | GP % of Total Electricity Use* | Green Power Resources            | Providers (listed in descending order by kWh supplied to Partner) |
