**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Final rule.

**SUMMARY:** This document amends EPA regulations which state the address of the Delaware Department of Natural Resources and Environmental Control to reflect delegation to the State of Delaware of authority to implement and enforce additional Standards of Performance for New Stationary Sources and National Emission Standards for Hazardous Air Pollutants.

**EFFECTIVE DATE:** April 27, 1982.

**SUPPLEMENTARY INFORMATION:**

**I. Background**

On September 22, 1981 and February 3, 1982, John E. Wilson III, Secretary of the Delaware Department of Natural Resources and Environmental Control, submitted requests for delegation of authority to implement and enforce regulations for:

- New Source Performance Standards (NSPS) for stationary gas turbines
- New Source Performance Standards (NSPS) for petroleum refineries
- National Emission Standards for Hazardous Air Pollutants (NESHAP) for vinyl chloride

The request was reviewed and on April 15, 1982 a letter was sent to John E. Wilson III, Secretary, Department of Natural Resources and Environmental Control, approving the delegation and outlining its conditions. The approval letter specified that if Secretary Wilson or any other representatives had any objections to the conditions of the delegation they were to respond within ten (10) days after receipt of the letter. As of this date, no objections have been received.

**II. Regulations Affected by This Document**

With respect to the authority delegations referred to above, EPA is today amending 40 CFR 60.4 and 61.04, Address, to reflect these delegations. The amended § 60.4 and § 61.04 which state the address of the Delaware Department of Natural Resources and Environmental Control (to which all reports, requests, applications, submittals and communications to the Administrator regarding this subpart must be addressed), is set forth below.

The Administrator finds good cause to make this rulemaking effective immediately without prior public notice since it is an administrative change and not one of substantive content. No additional substantive burdens are imposed on the parties affected. The delegation which is reflected by this administrative amendment was effective on April 15, 1982.

This rulemaking is effective immediately, and is issued under the authority of Sections 111 and 112 of the Clean Air Act, as amended.
