Farmer Exemptions; Technical Corrections

AGENCY: Environmental Protection Agency.

ACTION: Technical Corrections.

SUMMARY: On August 8, 1986, EPA promulgated regulations for the export of hazardous waste under the Resource Conservation and Recovery Act (RCRA), and in doing so moved the RCRA farmer exemption to a new section in the *Code of Federal Regulations* (CFR). EPA, however, failed to modify a number of other sections in the CFR which refer to the farmer exemption by section. Then, on July 8, 1987, EPA sought to amend the farmer exemption to make it clear that farmers who were otherwise exempt from hazardous waste regulations were also exempt from the land disposal restrictions. In doing so, however, EPA inadvertently moved the farmer exemption back to its old section (which was already occupied by the export regulations). Today's amendments will correct these errors.

EFFECTIVE DATE: July 19, 1988.

FOR FURTHER INFORMATION CONTACT: RCRA Hotline, toll free (800) 424-9346 or (202) 382-3000. For specific questions on this notice contact Ms. Emily Roth, EPA, 401 M Street SW., Washington, DC 20460, (202) 382-4777.

SUPPLEMENTARY INFORMATION:

I. Technical Corrections

The following amendments are promulgated today in 40 CFR:

1. Section 262.10(b) is amended by changing the reference "\$ 262.51" to "\$ 262.70;"

2. Section 262.10(d) is amended by changing the reference "\$ 262.51" to "\$ 262.70" and by adding "Part 268" (the land disposal restrictions) to the list of Parts farmers are exempt from;

3. Section 262.51 is revised so that it contains the definitions for the hazardous waste export regulations. This change was made on August 8, 1986 (51 FR 28664), but then the Agency inadvertently revised the section on July 8, 1987 (52 FR 25760);

4. Section 262.70 is amended so that "Part 268" (the land disposal restrictions) is added to the Parts a farmer may be exempt from. The Agency attempted to make this change July 8, 1987 (52 FR 25760), but mistakenly amended the wrong section;

5. Section 264.1(g)(4) is amended by changing the reference from "\$ 262.51" to "\$ 262.70;"

6. Section 265.1(c)(8) is amended by changing the reference from "\$ 262.51" to "\$ 262.70;"

7. Section 268.1(c)(5) is amended by changing the reference from "\$ 262.51" to "\$ 262.70;"

8. Section 270.1(c)(2)(ii) is amended by changing the reference from "\$ 262.51" to "\$ 262.70."

These amendments correct cross-references in the regulations and correct changes in the regulations made by mistake. All of the provisions were originally promulgated after public notice and opportunity for comment and there are no new issues raised by these corrections. In addition, these amendments do not impose any new substantive requirements on any persons. For these reasons, the Agency has good cause under RCRA § 3010 and the Administrative Procedure Act for making these amendments immediately effective without additional public notice and opportunity for comment.

II. Regulatory Impacts

The regulations promulgated today are merely renumbering actions and so have no impacts on the regulated community.

A. Executive Order No. 12291—Regulatory Impacts

Under Executive Order No. 12291, EPA must determine whether a regulation is "major" and thus is subject to the requirement to prepare a regulatory impact analysis. Today's amendment merely corrects CFR section numbering errors and does not impose new requirements, so it does not have an economic impact.

B. Regulatory Flexibility Act

Under the Regulatory Flexibility Act, 5 U.S.C. 601 et seq., EPA must prepare a regulatory flexibility analysis for all proposed rules unless the Administrator certifies that the rule will not have a significant impact on a substantial number of small entities. Accordingly, I hereby certify, pursuant to 5 U.S.C. 601(b), that this rule will not have a significant impact on a substantial number of small entities because it merely involves renumbering actions, and so does not change previously existing rules.

C. Paperwork Reduction Act

Under the Paperwork Reduction Act, 44 U.S.C. 3501 et seq., EPA must consider the paperwork burden imposed by any information collection request in a proposed or final rule. This rule will not impose any new information collection requirements.
