**Delegation of Authority to the State of
New Mexico for New Source
Performance Standards (NSPS) and
National Emission Standards for
Hazardous Air Pollutants (NESHAP)****AGENCY:** Environmental Protection
Agency.**ACTION:** Notice of delegation of
authority.

SUMMARY: The Environmental Protection Agency (EPA) announces the delegation of full authority to the State of New Mexico to implement and enforce additional source categories of the New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP) including the subsequent revisions and amendments to the standards for which full authority had been delegated to the State by the previous delegation agreement on March 15, 1985. The last coverage update of the delegation agreement was approved on January 30, 1991, and a notice of it was published in the *Federal Register* of February 28, 1991 (56 FR 8280). Based on the State's request of May 31, 1991, the EPA has now granted full authority to the State for the NSPS and NESHAP through December 4, 1990, applicable only in certain areas of the State, and partial authority for new and amended standards after that date.

This delegation of authority does not apply to: (1) The sources located in Bernalillo County, New Mexico, (2) the sources located on Indian lands as specified in the delegation agreement and in this notice, (3) the standards of performance for New Residential Wood Heaters (Subpart AAA) under 40 CFR part 60, and (4) the NESHAP radionuclide standards specified under 40 CFR part 61.

EFFECTIVE DATE: October 11, 1991.**ADDRESSES:** The State's request and delegation agreement may be requested by writing to one of the following addresses:

Chief, Planning Section (6T-AP), Air Programs Branch, U.S. Environmental Protection Agency, 1445 Ross Avenue, Dallas, Texas 75202, Telephone: (214) 655-7214.

Chief, Air Quality Bureau, New Mexico Environmental Department, 1190 St. Francis Drive, Santa Fe, New Mexico 87503, Telephone: (505) 827-0042.

All other requests, reports, applications and such other communications which are required to be submitted under 40 CFR part 60 and 40 CFR part 61 (including the notifications required under subpart A of the regulations) for the affected facilities, in areas outside of Indian lands or Bernalillo County, should be sent directly to the State of New Mexico at the above address. Sources located on all Indian lands (including Bernalillo County), sources subject to the standards of performance for New Residential Wood Heaters—subpart AAA under 40 CFR part 60 (except for Bernalillo County), and sources subject to the NESHAP radionuclides under 40 CFR part 61 in the State of New Mexico should submit the information specified above to the Chief, Air Enforcement Branch, EPA Region 6 Office at the address given in this notice. The affected sources located within the boundaries of Bernalillo County, outside of Indian lands, should submit all of the required information (except for the NESHAP radionuclides under 40 CFR part 61) to Director, The Albuquerque Environmental Health Department, The City of Albuquerque, P.O. Box 1293, Albuquerque, New Mexico 87103.

FOR FURTHER INFORMATION CONTACT: Mr. J. Behnam, P.E., Planning Section, Air Programs Branch, United States Environmental Protection Agency, Region 6, 1445 Ross Avenue, Dallas, Texas 75202, telephone number (214) 655-7214.

SUPPLEMENTARY INFORMATION: Sections 111(c) and 112(d) of the Clean Air Act allow the Administrator of the EPA to delegate EPA's authority to any State which can submit adequate regulatory procedures for implementation and enforcement of the NSPS and NESHAP programs.

On October 19, 1984, New Mexico Environmental Department (NMED) requested full delegation of authority for the implementation and enforcement of NSPS through March 14, 1984, and NESHAP through December 9, 1983. The State also requested partial authority for the technical and administrative review of new or amended NSPS and NESHAP in the October 19, 1984 letter. The delegation request was granted to the State subject to the conditions and limitations specified in the delegation agreement which was approved on March 15, 1985. The March 15, 1985, delegation agreement provided full authority for the State to implement and enforce the NSPS and NESHAP through March 14, 1984, and December 9, 1983, respectively. Also, the State received partial authority for implementation of

NSPS and NESHAP subparts effective after the specified dates in the State regulations and for amendments of fully delegated NSPS and NESHAP subparts after the dates specified above. The State's authority was approved only for the areas outside of Indian lands and Bernalillo County. The last coverage update of the delegation agreement was approved on January 30, 1991, and a notice of it was published in the *Federal Register* of February 28, 1991 (56 FR 8280).

On May 31, 1991, the NMED requested the EPA to grant full authority for additional source categories and amendments to the fully delegated NSPS and NESHAP subparts by extending the coverage date through December 4, 1990, for the NSPS and NESHAP. Based on review of State's Air Quality Control Regulations (AQCR) 750 (for NSPS) and 751 (for NESHAP), the EPA delegated full authority to the State as requested in the letter of May 31, 1991. AQCRs 750 and 751 incorporate the Federal NSPS and NESHAP by reference through the date specified above except for the performance standards for New Residential Wood Heaters—Subpart AAA under 40 CFR part 60 and the NESHAP radionuclide standards under 40 CFR part 61. The provisions and conditions specified in the March 15, 1985, delegation agreement and its supplements shall remain unchanged and effective except the revision of the appropriate dates as cited above. The revised authorized dates have been listed in Table 1 for NSPS and Table 2 for NESHAP. These tables noting the revised effective date have been approved by the Regional Administrator, and are thereby incorporated as part of the March 15, 1985, delegation agreement. No authority has been delegated for the standards of performance for New Residential Wood Heaters—subpart AAA under 40 CFR part 60 and the NESHAP radionuclide standards specified under 40 CFR part 61.

Today's notice informs the public that the EPA has expanded the State's full authority to implement and enforce the NSPS and NESHAP through December 4, 1990. All reports required pursuant to the Federal NSPS and NESHAP (40 CFR part 60 and 40 CFR part 61) by sources located in the State of New Mexico, in areas outside of Indian lands or Bernalillo County, should be submitted directly to the New Mexico Environment Department, Air Quality Bureau, 1190 St. Francis Drive, Santa Fe, New Mexico 87503. Sources located on all Indian lands (including Bernalillo County), sources subject to the standards of

performance for New Residential Wood Heaters—subpart AAA under 40 CFR part 60 (except for Bernalillo County), and sources subject to the NESHAP radionuclides under 40 CFR part 61 in the State of New Mexico should apply to the Chief, Air Enforcement Branch, EPA Region 6 Office at the address given in this notice. The affected sources located within the boundaries of Bernalillo County, outside of Indian lands, should submit all of the required information (except for the NESHAP radionuclides under 40 CFR part 61) to Director, The Albuquerque Environmental Health Department, the City of Albuquerque, P O Box 1293, Albuquerque, New Mexico 87103

The Office of Management and Budget has exempted this information notice from the requirements of section 3 of Executive Order 12291

This delegation is issued under the authority of section 111(c) and 112(d) of the Clean Air Act, as amended [42 U.S.C. 7411(c) and 7412(d)].
