Guidance: Subpart X (EPA) Subpart X Encyclopedia (Trainex)

40 CFR 264.601

"A miscellaneous unit must be located, designed, constructed, operated, maintained, and closed in a manner that will ensure protection of human health and the environment. Permits for miscellaneous units are to contain such terms and provisions as necessary to protect human health and the environment, including, but not limited to, as applicable, design and operating requirements, detection and monitoring requirements, and requirements for responses to releases of hazardous waste or hazardous constituents from the unit. Permit terms and provisions must include those requirements of subparts I through O and subparts AA through CC of this part, part 270, part 63 subpart EEE, and part 146 of this chapter that are applicable for the miscellaneous unit being permitted."

Date:

Facility Name:

Does permit contain adequate information on the following:

Environmental Performance Standards: (Section ____ of permit, pg# ____)

____ Does facility submission contain appropriate requirements per [40 CFR 264.601](#) & [40 CFR 270.23](#)?
