Re: In the Matter of Enbridge Energy Partners, L.P., et al, Docket No. CWA 1321-5-13-001

Dear Mr. Dollhopf:

On May 10, 2013, Enbridge Energy, Limited Partnership (Enbridge) requested additional time to provide complete dredge permit applications to the Michigan Department of Environmental Quality (MDEQ) pursuant to the United States Environmental Protection Agency (U.S. EPA) directive dated May 8, 2013.

This letter modifies the initial request based upon further discussions between the U.S. EPA and Enbridge for the five (5) dredge permit applications. Enbridge is requesting the following submittal schedule:

- Delivery of one (1) completed dredge permit application to the MDEQ by May 17, 2013, and
- Delivery of the remaining four (4) completed dredge permit applications to the MDEQ by May 20, 2013

The original permit delivery will be made to the MDEQ Kalamazoo District office by 5 pm on the dates presented above. A full courtesy copy of the permit application will also be provided to the local MDEQ and U.S EPA in Marshall, Michigan.

Please contact myself or Enbridge's Incident Commander John Sobojinski if you have any questions.

Sincerely,

ENBRIDGE ENERGY, LIMITED
PARTNERSHIP
By Enbridge Pipelines (Lakehead) L.L.C.
Its General Partner
