EPA Seeks Public Comments on the Safety Light Corporation Superfund Site

Proposed Early-Interim Cleanup Plan for Operable Unit 3

The U.S. Environmental Protection Agency (EPA) has developed a proposed early-interim cleanup plan for a portion of Operable Unit (OU) 3, involving former on-site dumping areas, called the East Dump Area, the West Dump Area, the East Lagoon and the West Lagoon. The cleanup plan is considered “interim” because it addresses only these specific areas of OU-3 and not the entire operable unit.

To review the Proposed Plan document in full,
Online at: www.epa.gov/superfund/safetylight or

In person: Bloomsburg Public Library
225 Market St., Bloomsburg, PA 17815
