OPPIN Action Code: 400

EPA Reg. No:

Submission Date:

RAL Name:

		Checklist Item	Yes	No	N/A
1.		**Is the application form ([EPA Form 8570-1](#)) signed and complete?** • **If NO, STOP!** Contact applicant and have them correct the application. • Note: Section III is oftentimes left blank; this is addressed below.			
2.		**Label in conformance with current [Label Review Manual](#)?** Note: OK if some items are placeholders in brackets or XXX-XXX			
a.		Restricted Use Pesticide statement (if applicable)			
b.		Product name, brand, or trademark			
c.		Ingredient statement including nominal concentration of active ingredient (AI)? Microbial: strain designation and potency designation			
d.		Microbial: Viability			
e.		"Keep Out of Reach of Children" (KOOROC) Statement			
f.		Signal Word			
g.		First aid statement			
h.		Net contents/net weight			
i.		EPA Reg. No. and Establishment No.			
j.		Company name and address			
k.		Precautionary statement: Hazards to Humans and Domestic Animals Microbial: Dust Mask Statement			
l.		Environmental hazards			
m.		Physical and chemical hazards (if applicable)			
n.		Directions for Use (pay particular attention to <u>targeted pests</u> and <u>use sites</u>)			
o.		Worker Protection Standard (WPS) language (if applicable)			
p.		Storage and Disposal • Do these instructions agree with the container types listed on Section III of 8570-1? If Section III is empty, check if the instructions agree with past master label or FPL in jacket.			
q.		Warranty Statement (not required, but must be evaluated if submitted)			
r.		Batch Code (required if non-refillable container)			
3.		**Does Final Printed Label only contain items found on previously approved labels?** Note: This may not always be the most recent label and, for example, use sites may be deleted so product can be marketed to a specific audience.			
4.		**Are marketing claims approved?** • **If NO**, see Team Leader to notify them. The FPL is unacceptable.			
5.		**Are graphics acceptable?** • Do the graphics suggest use patterns not approved by the label? Are they false or misleading? • Please see resources like the [Chapter 16 of the Label Review Manual](#) and the [Repellency Graphic Guidance](#).			

<u>If all above is cleared</u>:

- Stamp the label with the "Complies with EPA Accepted Labeling" and then note the date of the application and the date on which you are approving the label.
- Place application package and stamped label in product jacket.
- Use Code 1300 to close out action in OPPIN.
