

# Lead and Copper Corrosion Control Recommendations and Evaluation Templates Training

September 2016 to April 2017

## Purpose

Overview Lead and Copper Rule requirements and *EPA's Optimal Corrosion Control Treatment Evaluation Technical Recommendations for Primacy Agencies and Public Water Systems* document.

Show how the recommendations manual and Excel-based evaluation templates can be used to more effectively implement Corrosion Control Treatment.

Provide practical introduction to the document and templates.

## Audience

States, EPA Regions, TA providers, public water systems.

## Website

Visit the training workshop website to get more information.
