Dear Mr. Garvin:

The enclosed materials comprise an original and one copy of an application for Program Authorization for the State of Maryland under Subtitle C of the Resource Conservation and Recovery Act (RCRA). The application consists of the following:

- A revised Program Description, which describes the program elements for which authorization is being sought, and discusses how the Maryland Department of the Environment implements its currently authorized program and these additional program elements; and
- An Attorney General's Statement, in which the Maryland Attorney General certifies that the State of Maryland has adequate legal authority to implement the revised program described in the Program Description.

The Memorandum of Agreement (MOA) between the State of Maryland and the U.S. Environmental Protection Agency concerning implementation of the RCRA program in Maryland, executed in January 2001 pursuant to 40 CFR §271.8, remains unchanged. The MOA is not included with this application.

If you have any questions concerning this matter, please contact Mr. Edward Hammerberg of my staff at (410) 537-3314.

Sincerely,
