RE: Modeling Report for DRR Source Calcasieu Parish

Dear Mr. Donaldson:

Louisiana Department of Environmental Quality (LDEQ) submits the modeling report for the sources in Calcasieu Parish, in accordance with the Sulfur Dioxide (SO₂) Data Requirements Rule, for your review. The model results indicate that portions of Calcasieu parish not represented by the monitor near Alcoa (Reynolds) meet the 1-hour SO₂ National Ambient Air Quality Standards. LDEQ agrees with the conclusions of this report.

Electronic modeling files have been forwarded to the EPA Region 6 modeling staff via the ftp site.

If you have any questions or need further assistance please contact Vennetta Hayes of my staff at 225-252-5566.

Sincerely,

A handwritten signature in black ink that reads "Donald Trahan". The signature is written in a cursive, flowing style.

Donald Trahan
Administrator
Air Permits
Louisiana DEQ
