

David M. Martin, Ecologist, in EPA's National Health and Environmental Effects Research Laboratory

Atlantic Ecology Division
Mailing Address

Martin.DavidM@epa.gov

Area of Expertise: Developing and applying methods for social-ecological modeling and tradeoff analysis to support resource management decisions. I have conducted research and managed projects addressing river restoration, environmental flows, coastal nutrient management, ecosystem services, environmental education, stakeholder preferences, and theory and methods for multi-criteria decision analysis.

Education:

- Ph.D., Colorado State University, Fort Collins, CO; Ecology, 2015
- Master of Natural Resources, Virginia Tech, Blacksburg, VA, 2010
- B.S., Virginia Tech, Blacksburg, VA; Environmental Science, 2004

Professional Experience:

- Decision Analysis Certification Program, U.S. Department of Interior, 2016-present
- Ecologist, U.S. Environmental Protection Agency, National Health and Environmental Effects Research Laboratory, Atlantic Ecology Division, 2016-present
- Martin, D. M., J. W. Labadie, and N. L. Poff. 2015. [Incorporating social preferences into the ecological limits of hydrologic alteration \(ELOHA\): a case study in the Yampa-White River basin, Colorado](#). *Freshwater Biology* **60**(9):1890-1900.
- Water Decision Analyst, The Nature Conservancy of Colorado, 2015
- Martin, D. M., D. Harrison-Atlas, N. A. Sutfin, and N. L. Poff. 2014. [A social-ecological framework to integrate multiple objectives for environmental flows management](#). *Journal of Contemporary Water Research and Education* **153**:49-58.

- Teaching Assistant, Colorado State University, 2011-2015
- Field Technician, Colorado State University, 2011
- Environmental Scientist, Froehling & Robertson, Inc., 2004-2011
