# CUP$$ Training Webinar Series

This 6-hour webinar presentation will consist of comprehensive training on how to use the Check Up Program for Small Systems (CUPSS) software to implement asset management practices at small water and wastewater systems. Each session will contain an overview of a CUPSS module, followed by live demonstrations. Participants who complete the assignments after each session will receive a CUPSS Trainers Certificate and will be included in the CUPSS Trainers Directory.

Tuesday, October 3rd, 2017, 1:00-3:00 PM Eastern Time
