RE: Holcim Ada Affected sources 461-KL1 and 462-KL1

Dear Mr. Terrill:

The Holcim (US) Inc. Ada Plant would like to formally notify the Department of Environmental Quality that as a result of the modernization project permitted under 98-087-C (M-10), affected sources 461-KL1 and 462-KL1 (two existing wet kilns) have been shut down and rendered inoperable as of December 1, 2016.

If additional information is required, please contact me at 580-421-8926.

Sincerely,

Travis Bennett
Environmental Manager
