SUBJECT: Notice of No Department Objection to Proposed Expedited Plan Modification for Eastern Berm Widening and Storm Water Drainage Improvements at Ridgeview Recycling & Disposal Facility (RDF) Southern Expansion, Manitowoc County, Wisconsin, License No. 4292

Dear Mr. Seegers:

We have reviewed and have no objection to your expedited plan modification request to modify the plan of operation for Ridgeview RDF Southern Expansion. We received your expedited plan modification request on June 15, 2015 and an addendum sent by email on June 26, 2015. The expedited plan modification request was submitted in accordance with s. NR 514.09, Wis. Adm. Code.

The modification request included:

- Widening the eastern berm to provide for a wider access road and allow room for a drainage ditch along the east side of the landfill; and,
- Improvements to the storm water drainage at the northeast corner of the landfill. An additional 36-inch HDPE culvert will be installed adjacent to an existing 18-inch culvert. Heavy riprap will be placed at the outlet.

This approval is based on the information provided to the Department as of the date of this letter. If additional information, project changes or other circumstances indicate a possible need to modify this approval, the Department may ask you to provide further information relating to this activity. Likewise, the Department accepts proposals to modify approvals, as provided for in state statutes and administrative Codes.

The Department has not yet received payment for this expedited plan modification. Please remit payment in accordance with the invoice requirements. Please feel free to contact me at (920) 662-5486 or email Valerie.Joosten@wisconsin.gov with any questions you have regarding this approval.

Sincerely,

Valerie A. Joosten, P.E.
Waste and Materials Management Program Supervisor
