

Agency/Stakeholder Coordination

- Mission and Vision for Prescribed and Wildfire
- Executive Smoke Team – Agency Heads
- EPA, State Air Agencies, Tribes, Federal and State Land Managers and other key partners
- Goal – Foster communication, coordination, collaboration on technical, regulatory, and policy matters

Annual Meeting

SMOKE IN THE NORTHWEST

MARCH 14-16, 2016

USEPA R10 convenes this meeting of federal, tribal, state and local agencies and private partners to share information about smoke management including regional and national policies, new tools, available resources, forecasts and management plans. Participants work together to manage burning and smoke to protect the public and the environment.
