### Section 2: Project Description

*(If more space is needed, you may attach a Microsoft Word document with the additional text.)*

1. Please provide a description of the project, including its technological components, purpose, useful life, location, special features, or any additional relevant information. **Minimum of 100 words.** *Two pictures associated with the project are requested.* Please attach them separately along with your submittal.

2. Please describe the basis for recognizing the project/activity. Cite one or more of the recognition criteria and provide an explanation of the benefits generated by the project. **Minimum of 150 words**

### **Next Steps:**

1. Submit a completed nomination form to CWSRF staff at your EPA Regional Office by **July 1, 2017**.
2. Once nominations are reviewed and approved by EPA Regional Staff, nomination forms should be forwarded to [PISCES@epa.gov](mailto:PISCES@epa.gov) by **August 1, 2017**.
3. EPA will compile all submissions and issue a national compendium. An EPA panel will review all submissions and select five to be designated as Exceptional Project Recognitions.
4. Certificates of Recognition for all nominated projects and plaques for the top five Exceptional Project Recognition awardees will be awarded by the Office of Wastewater Management to corresponding state programs at the 2017 Fall CIFA conference.

If you have additional questions about the PISCES program, please contact [PISCES@epa.gov](mailto:PISCES@epa.gov) or (202) 564-7347.
