

Public Information Meeting: Palmdale Energy Project

- Who: U.S. Environmental Protection Agency – Region 9 (Pacific Southwest)
- Purpose: Provide an overview of the application for a Clean Air Act permit submitted for the Palmdale Energy Project. The Project is a 640-megawatt power plant, proposed to be located in Palmdale, CA near the U.S. Air Force Plant 42. During the meeting, we plan to discuss the project from an air quality perspective and to answer and questions related to air quality impacts.
- When: Saturday, August 5, 2017 from 10:00 a.m. – 11:30 a.m.
- Where: Sgt. Steven Owen Memorial Park
43011 10 Street W, Lancaster, CA
Stanley Kleiner Activity Center (see map)
- Contact: Lisa Beckham, Environmental Engineer, EPA Region 9 at:
R9AirPermits@epa.gov or (415) 972-3811
