In accordance with provisions of the Pennsylvania Code, Title 25, Chapter 129.91 thru 129.95, Air Management Services (AMS) has approved the RACT proposal plans for Amerada Hess Corp. on the above indicated air contamination source(s).

The RACT plan approval is subject to the following conditions:

1. The purpose of this Plan Approval is to establish Volatile Organic Compounds (VOC) Reasonably Available Control Technology (RACT) for Amerada Hess. This includes the following emission sources and control equipment:

Ozone, CO & ~~PM~~
Section (8.1.1)

A. Emission Sources

- (1) Various pumps, valves, and flanges throughout the terminal emit fugitive VOCs.

MAY 13 1996

2. This approval authorizes:

EPA REGION III

A. The facility will implement a visual leak detection and repair (LDAR) program of all pumps, valves, and flanges in VOC service. This equipment will be inspected quarterly.

3. RACT Implementation Schedule

A. Upon issuance of this approval, Amerada Hess shall begin immediate implementation of the measures necessary to comply with the approved RACT proposal.

4. Recordkeeping and Reporting Requirements

A. Amerada Hess shall maintain a file containing all the records and other data that are required to be collected to demonstrate compliance with RACT requirements of 25 PA Code §129.91-129.94. These records shall include details of all inspections and repairs made as part of the LDAR program.

B. The records shall provide sufficient data and calculations to clearly demonstrate that the requirements of §129.91-129.94 are met.

C. Data or information required to determine compliance shall be recorded and maintained in a time frame consistent with the averaging period of the requirement.

D. Records shall be retained for at least two years and shall be made available to AMS on request.

5. The operation of the aforementioned sources shall not at any time result in the emission of visible air contaminants in excess of the limitations specified in Section 123.41, particulate matter in excess of the limitations specified in Section 123.11 or sulfur oxides in excess of the limitations specified in Section 123.22, all Sections of Chapter 123 of Article III of the Rules and Regulations of the Department of Environmental Resources, or in the emission of any of these or any other type of air contaminant in excess of the limitations specified in, or established pursuant to, any other applicable rule or regulation contained in Article III.

6. The company shall not impose conditions upon or otherwise restrict AMS's access to the aforementioned source(s) and/or any associated air cleaning device(s) and shall allow AMS to have access at any time to said source(s) and associated air cleaning device(s) with such measuring and recording equipment, including equipment recording visual observations, as AMS deems necessary and proper for performing its duties and for the effective enforcement of the Air Pollution Control Act.

7. Revisions to any emission limitations incorporated in this RACT Approval will require resubmission as revision to the PA State Implementation Plan. The applicant shall bear the cost of public hearing and notification required for EPA approval as stipulated in 25 PA Code §129.91(h).
