Source(s): Miscellaneous degreasing/cleaning operations

In accordance with provisions of the Pennsylvania Code, Title 25, Chapter 129.91 thru 129.95, Air Management Services (AMS) has approved the RACT proposal plans for Cardone on the above indicated air contamination source(s).

The RACT plan approval is subject to the following conditions:

1. The purpose of this Plan Approval is to establish Volatile Organic Compound (VOC) Reasonably Available Control Technology (RACT) for Cardone. This includes the following emission sources and control equipment:
 - A. Emission Sources
 - (1) Degreasing operations with solvent: Stoddard solvent is used in degreasing operations.
2. This approval authorizes:
 - A. Cardone to use operational improvements and better work practices to control VOC emissions: Rags used to wipe solvent shall be stored in closed top containers, solvent collected in drip pans under drain plugs shall be removed promptly, tank lids shall be modified to promote ease of use.
3. RACT Implementation Schedule
 - A. Upon issuance of this approval, Cardone shall begin immediate implementation of the measures necessary to comply with the approved RACT proposal.
4. Recordkeeping and Reporting Requirements
 - A. Cardone shall maintain a file containing all the records and other data that are required to be collected to demonstrate compliance with VOC RACT requirements of 25 PA Code 129.91- 129.94.
 - B. Records shall be retained for at least two years and shall be made available to the Department on request.
5. The operation of the aforementioned sources shall not at any time result in the emission of visible air contaminants in excess of the limitations specified in Section 123.41, particulate matter in excess of the limitations specified in Section 123.11 or sulfur oxides in excess of the limitations specified in Section 123.22, all Sections of Chapter 123 of Article III of the Rules and Regulations of the Department of Environmental Resources, or in the emission of any of these or any other type of air contaminant in excess of the limitations specified in, or established pursuant to, any other applicable rule or regulation contained in Article III.
6. The company shall not impose conditions upon or otherwise restrict the Department's access to the aforementioned source(s) and/or any associated air cleaning device(s) and shall allow the Department to have access at any time to said source(s) and associated air cleaning device(s) with such measuring and recording equipment, including equipment recording visual observations, as the Department deems necessary and proper for performing its duties and for the effective enforcement of the Air Pollution Control Act.
7. Revisions to any emission limitations incorporated in this RACT Approval will require resubmission as revision to the PA State Implementation Plan. The applicant shall bear the cost of public hearing and notification required for EPA approval as stipulated in 25 PA Code §129.91(h).
