County: Washington

This permit is subject to the following conditions:

- 1. That the source and any associated air cleaning devices are to be:
  - a. Operated in such a manner as not to cause air pollution.
  - b. In compliance with the specifications and conditions of the Plan Approval issued under the corresponding number.
  - c. Operated and maintained in a manner consistent with good operating and management practices.
- 2. This permit is valid only for the specific equipment, location and owner named above.
- See attached.

Failure to comply with the conditions placed on this permit is a violation of Section 127.444. Violation of this or any other provision of Article III of the Rules and Regulations of the Department of Environmental Protection will result in suspension or revocation of this permit and/or prosecution under Section 9 of the Air Pollution Control Act.

Reissued: 3/23/01

Regional Air Quality Manager

PERMIT TERM: 3/23/01

## Special Conditions:

- 3 This RACT Permit approves the RACT proposal for the Flexsys America L.P., Inc. facility located in Monongahela, Washington County
- 4 This facility is subject to the record keeping requirements of 25 PA Code §129.95.
- 5 VOC emissions from this facility shall not be in excess of 170 tons for a consecutive 12 month period.
- 6 VOC emissions from the crystex process stack shall not exceed 3.2 lb/hr.
- 7. The method of compliance with the emission limitations above shall be the submittal of a yearly report to this office summarizing the actual and potential VOC emissions. This report shall describe in detail the methods used to determine the emissions.
