COMMONWEALTH OF PENNSYLVANIA  
DEPARTMENT OF ENVIRONMENTAL RESOURCES  
SOUTHWEST REGION - FIELD OPERATIONS  
AIR QUALITY CONTROL  
400 WATERFRONT DRIVE  
PITTSBURGH, PENNSYLVANIA 15222-4745

RACT OPERATING PERMIT

In accordance with provisions of the Air Pollution Control Act, of January 8, 1960, P.L. 2119, as amended, and after due consideration of an application received under Chapter 127 of the Rules and Regulations of the Department of Environmental Resources, the Department hereby issues this permit for the operation of the air contamination source described below.

Permit No.: 65-000-207

Source: Vinyl Plastic Film Mfg.

Owner: GenCorp, Inc.

Air:  
Cleaning:  
Devices:

Address: Chambers Avenue  
Jeannette, PA 15644

Plant: Jeannette Plant RECEIVED  
Location: Jeannette City & Mobile Source  
County: Westmoreland Station (SAT21)

Attention: Arnold R. Colecchia  
Environmental Services Manager

APR 19 1996

This permit is subject to the following conditions:

- (1) That the source and any associated air cleaning devices are to be: **EPA, REGION III**
- (a) operated in such a manner as not to cause air pollution;
  - (b) operated and maintained in a manner consistent with good operating and management practices.
- (2) This permit valid only for the specific equipment, location and owner named above.
- (3) See attached.

Failure to comply with the conditions placed on this permit is a violation of Section 127.25. Violation of this or any other provision of Article III of the Rules and Regulations of the Department of Environmental Resources will result in suspension or revocation of this permit and/or prosecution under Section 9 of the Air Pollution Control Act.

Issued: 01/04/96

Joseph P. Pezze  
Regional Air Quality Manager  
Southwest Region

~~Permit Term: 1/4/96 - 1/4/01~~

GenCorp, Inc.  
Operating Permit #65-000-207

Special Conditions

3. This RACT Operating Permit establishes limits to permanently restrict NO<sub>x</sub> emissions to a level below the major source threshold and establishes VOC limits at GenCorp, Inc., Plastic Films Division, located in Jeannette, Westmoreland County.
4. The facility must comply with the conditions placed in O.P. #65-318-052A and the VOC limits required under the Consent Order and Agreement 276MD and 25 Pa. Code §129.
5. Boiler 031 and 032 shall not exceed 24,000 pounds of steam per hour per boiler. Compliance with this limit shall be demonstrated by keeping records of steam usage and making them available to the Department upon request.
6. NO<sub>x</sub> emissions for Boiler 031 or 032 shall not exceed 18.7 tons NO<sub>x</sub> per year for each unit.
5. VOC emissions shall not exceed the following:

<u>VOC Source</u>	<u>VOC Emissions</u>
Calendering Line 1:	40 tons/year
Calendering Line 2:	40 tons/year
Calendering Line 3:	40 tons/year
Calendering Line 4:	40 tons/year
Embossing Line 1 and Laminator Line 2:	8 tons/year
Cleaning Solvents:	2.70 tons/year
Boiler 031 and Boiler 032:	2 tons/year
Units 1 thru 5:	.5 tons/year

6. The Calendering Lines 1 through 4 combined total emissions shall not exceed 150 tons of VOC per year.
7. Emission reductions of the targeted contaminant(s) below the level specified above which are achieved by optimizing the effectiveness of equipment installed pursuant to this operating permit are not surplus emission reductions, and thus, may not be used to generate Emission Reduction Credits. In order for the emission reductions to be creditable the emission reductions must satisfy the requirements of 25 Pa. Code Chapter 127, Subchapter E.

GenCorp, Inc.  
Operating Permit #65-000-207

Special Conditions

- ~~8. This Operating Permit is valid for a limited time only and may be renewed pursuant to 25 PA Code § 127.446 before its expiration. An application for an operating permit renewal shall be submitted at least 6 and not more than 18 months before expiration of the existing permit. The application must be complete and accompanied by the permit fees required by Subchapter I of 25 PA Code Chapter 127. The source may not be operated without a valid operating permit. Operation of the source without an appropriate permit from the Department may subject the company to enforcement action.~~
